* In July, JV2 appropriates money out of the control 3 closing center into control 5 centers. These appropriations are for the whole year. They caused an additional deficit in the surplus of \$541,449,341. On the average 6/12 of this, or \$270,724,670.50 is for future periods.

** The deficit surplus balance is partially caused by expenditure transfers of amounts in excess of six month's disbursements and by appropriation/allotment transfers that have not yet been made. These deficits should be covered by future revenue collections and appropriation/allotment transfers from control 5 centers.

*** In June, 2004, the general fund borrowed \$50,000,000.00, interest free, from the Indiana Board for Depositories, a component unit of the State of Indiana. This money is due to be repaid, either from the general fund prior to January 1, 2013, or by a budget request submitted to the 2013 session of the general assembly.
